1. Student & Project Information

Student Name:	Student ID	Attendance
M. Anas Raza	0222 - 0323	P
M. Anas	0222 - 6468	P
M. Ibrahim	0122 - 0263	P
M. Huzaifa Shoaib	0320 - 0074	P

2. Summary of Weekly Work

Main Objectives for the Week:
- Further work required to finalize how
- cpu will be executed.

Tasks Completed:
- Pipeline decided : Dataset curation, cleaning.
- fine-tuning model, and saving parameters

Hours Worked:
- 25 Hours

3. Work in Progress

Tasks Not Completed / Pending:
- Need approval from Sir Aarij regarding
- finalization of project.

Challenges Encountered:
- Sir Aarij busy in campus visits from
- higher officials.

Actions Taken / Solutions Implemented:
- will meet next week, once Sr Aarij
- gets free from campus visits.

4. Planning for Next Week

Planned Tasks & Objectives:

- Work on functional requirements and non
- functional requirements for the project.

Resources/Support Needed:

- Need to study the project further to
- finalize the set of features we will work on.

5. Reflection & Feedback

- Key Learnings:
- Project has a good potential. With multiple
- creative writing features, can make a great project.
- Additional Comments:
- Make sure the set of features we need to
- work are clear, so we don't become scope creek.
